

Liberated Syndication Reports October Podcast Advertising Rates

Pittsburgh, PA – November 2, 2021 - Liberated Syndication Inc. (LSYN) (“Libsyn” or “the Company”), the industry’s leading podcast hosting platform and advertising marketplace, today provided an update on podcast advertising rates.

These rates, which are denoted as cost per thousand or CPM, are published monthly by the Company’s subsidiary, AdvertiseCast, the industry’s leading podcast advertising marketplace connecting advertisers to podcasters. The data is derived from actual sales data from across the 2,000+ podcasts in the AdvertiseCast marketplace.

For October 2021, the average CPM rate for a 60-second spot was \$23.33.

“Podcast advertising rates ticked up slightly in October, although they remained relatively flat as we progress into the fourth quarter of 2021.” said Dave Hanley, Chief Revenue Officer at AdvertiseCast. “These figures are not reflective of podcast ad pricing that is arbitrarily set by a sales organization; rather, this pricing is driven by supply and demand within our industry-leading marketplace.”

Historical rates can be found on the AdvertiseCast podcast marketplace website at: <https://www.advertisecast.com/podcast-advertising-rates>

The Company will continue to announce these figures on a monthly basis to enable podcasters, advertisers, and the investor community to readily monitor market pricing and provide greater insight into advertising monetization within the podcasting industry.
